December 2015

Number 10

Events

'Searching and beyond' - a skills training workshop for systematic reviews developed by information specialists for information specialists.

14th January 2016, 9.30 - 4.30pm

Exploration Lab, Exeter EX4 4SZ

Cost: £165

Booking and further details:

http://store.exeter.ac.uk/browse/extra_info.asp?compid=1&modid=2&deptid=42&catid=44&prodid=1168

Measuring and enhancing research impact (webinar)

Wednesday, 20 January 2016; 10:30am - 11:30am

1 MLA CE credit

Cost: \$25 (NAHSL members); \$40 (non-members)**

To register via Wild Apricot, go to:

<http://northatlantichalthscienceslibraries.wildapricot.org/event-2098698>

HEALTHINF 2016: 9th International Conference on Health Informatics

21 - 23 February 2016

Rome, Italy

<http://www.healthinf.biostec.org>

Health technology assessment: choosing which treatments get funded

Free online course: starts 15 February 2016

Presented by the School of Health and Related Research (SchARR) at the University of Sheffield

Websites of Interest

Perma.cc

<https://perma.cc/>

From the website: Perma.cc is a service that helps scholars, courts and others create web citation links that will never break. When a user creates a Perma.cc link, Perma.cc archives the referenced content and generates a link to an archived record of the page. Regardless of what may happen to the original source, the archived record will always be available through the Perma.cc link.

Grey Matters: a practical tool for searching health-related grey literature

<https://www.cadth.ca/grey-matters>

Now revised and updated, explore CADTH's free online resource for grey literature searching. Updated: December 1, 2015.

Semantic Scholar

<https://www.semanticscholar.org/>

From the website: Use our state of the art facets to home in on the specific papers you're looking for. Our system identifies influential citations and references, making it easy to discover important papers. Our system extracts key paper elements like references, citations, key phrases and figures to help you scan a paper much faster. Our customized experience makes searching for and reading papers faster and easier, even on your phone. Built by the Allen Institute for Artificial Intelligence (AI2).

IRG Research Activities

Check out our website for PowerPoint presentations on the progress of all current IRG projects:

<http://www.htai.org/interest-groups/information-resources/irg-materials-events/2015-annual-meeting.html>.

Updates on SuRe Info, the HTAi Vortal, the Classification Scheme project and the HTA by Geography project were presented at the HTAi 2015 IRG Annual Meeting.

The IRG eNewsletter is put together by the following IRG members: David Kaunelis (Canada); Catherine Voutier (Australia); Dagmara Chojecki (Canada); and Jaana Isojärvi (Finland). Have any events, news, or interesting papers or websites you want to share? Just email DavidK@cadth.ca
